

DESIGNING OUR POLICIES – INTERACTIVE PLATFORM

With reference to the above topic, we inform you that the Ministry of Education is in the process of launching a platform (Designing Our Policies), which is a modern interactive platform that aims to involve community members (students - teachers - educators - parents or an official in a government or private sector) in the process of developing and reviewing educational policies in the country, so please refer to the link below to the mentioned categories to participate in the platform and fill in the link.
