

FEE NOTICE

10th DECEMBER 2023

It has been noticed that a very large number of students' fees are pending. Specially because we are the lowest fee charging school, we need the cash flow to be regular. We therefore request you to be regular in paying the fees.

Any part payment of fees through online bank transfers and/or cash deposits through ATM does not register in our books and so may not appear as fees paid in your account. Therefore, please **DO NOT** make part payment.

Parents who are irregular in payment of fees will not be eligible for sibling quota. All fee defaulters' wards' names will automatically be struck of the school roll on 15th June. Readmission of these students will only happen in September if there is place and if students pass the admission test.
